

## SECURE 2.0 Summary of Key Provisions for Plan Sponsors

Capitol Hill plays a critical role in shaping the corporate landscape. Now that SECURE 2.0 is law, read more about some of the key provisions that may affect you as a plan sponsor and your employees as they build toward retirement readiness.

### Expanding Automatic Enrollment in Retirement Plans

Requires newly established 401(k) and 403(b) plans to **automatically enroll eligible participants with an initial minimum enrollment amount of 3%** (unless the participant affirmatively elects otherwise). Such new plans are also required to automatically increase (or escalate) such amounts by 1% each year with a cap at 15% (although plans are permitted to cease the annual automatic escalation at 10%). Exempts from these requirements small businesses with 10 or fewer employees, new businesses that have been in business for less than 3 years, church plans and governmental plans. Effective for plan years beginning after December 31, 2024. ([Section 101](#))

### Modification of Credit for Small Employer Pension Plan Startup Costs

Increases the tax credit available to **small employers with 50 or fewer employees starting a new plan from 50% to 100% per year for the first 3 years**, capped at \$5,000. An additional credit for certain small employers starting a new plan (excluding new defined benefit plans) is also available for the first 5 years (up to \$1,000 per employee equal to the applicable percentage of employer contributions to an eligible employer plan). This full additional credit is available to employers with 50 or fewer employees and is phased out for employers with between 51 and 100 employees. Effective for tax years beginning after December 31, 2022. ([Section 102](#))

### Multiple Employer 403(b) Plans

Allows 403(b) plans to **participate in, and be operated as, multiple employer plans (“MEPs”) and pooled employer plans (“PEPs”)**. Clarifies that, under certain circumstances, the failure of one employer participating in a 403(b) MEP (or PEP) to satisfy the 403(b) plan rules does not affect the tax treatment of the rest of the MEP. Directs the Treasury to issue regulations providing relief from the “one bad apple” rule for 403(b) plans and further instructs the Treasury to issue model plan language. Effective for plan years beginning after December 31, 2022. ([Section 106](#))

### Increase in Age for Required Beginning Date for Mandatory Distributions

Increases the age at which required minimum distributions (“RMDs”) from retirement plans must commence from **age 72 to age 73 in 2023** and to age 75 in 2033 (“RMD Age”). Specifically, the RMD Age is (a) age 70 ½ for individuals born before July 1, 1949, (b) age 72 for individuals born after June 30, 1949, but before 1951, (c) age 73 for individuals born after 1950, but before 1960, or (d) age 75 for all others – note, apparent drafting error in the statutory language, makes it unclear when age 75 starts to apply in lieu of age 73, but it appears age 75 is intended to apply if born after 1959. Effective for distributions made after December 31, 2022, for individuals who attain age 72 after that date. ([Section 107](#))

### Higher Catch-up Limit to Apply at Age 60, 61, 62 and 63

Increases the catch-up contribution limit for non-SIMPLE plans for individuals aged 60 to 63 to the greater of (i) **\$10,000 per year**, or (ii) 150% of the regular catch-up contribution amount in 2024 (as indexed for inflation). The catch-up contribution limit for SIMPLE plans is similarly increased for individuals ages 60 – 63 to the greater of (i) \$5,000 per year, or (ii) 150% of the regular catch-up amount in 2025 (as indexed for inflation), beginning for taxable years beginning after December 31, 2024. ([Section 109](#))

## SECURE 2.0 Summary of Key Provisions for Plan Sponsors

### Treatment of Student Loan Payments as Elective Deferrals for Purposes of Matching Contributions

Allows for employer contributions made on behalf of employees for “qualified student loan repayments” to be treated as matching contributions to 401(k) plans, 403(b) plans, SIMPLE IRAs, and governmental 457(b) plans. With respect to nondiscrimination testing, such plans are permitted to separately test the employees who receive matching contributions on student loan repayments. Effective for plan years beginning after December 31, 2023. ([Section 110](#))

### Small Immediate Financial Incentives for Contributing to a Plan

Permits the provision of de minimis financial incentives, such as gift cards, to encourage participation and may be provided to participants for contributing to a 401(k) or 403(b) plan, provided plan assets are not utilized to pay for such incentives. Provides an exemption to the contingent benefit rule and relief from the prohibited transaction rules under both the Code and ERISA. Effective for plan years beginning after the date of enactment. ([Section 113](#))

### Withdrawals for Certain Emergency Expenses

Allows one penalty tax-free withdrawal within a 3-year period up to \$1,000 per year for “unforeseeable or immediate financial needs relating to personal or family emergency expenses.” Such withdrawal may be repaid within the 3-year period and if so repaid, more than one withdrawal may be permitted within the 3-year period. Effective for distributions made after December 31, 2023. ([Section 115](#))

### One-year Reduction in Period of Service Requirement for Long-term, Part-time Workers

Reduces the years of service required before long-term, part-time workers are eligible to contribute to a plan from 3 years to 2 years. Extends the long-term, part-time coverage rules to 403(b) plans that are subject to ERISA. Disregards pre-2021 service for purposes of the vesting of employer contributions. Generally effective for plan years beginning after December 31, 2024, and retroactively effective for taxable years beginning after December 31, 2020 (as if included in the 2019 SECURE Act). ([Section 125](#))

### Emergency Savings Accounts Linked to Individual Account Plans

Allows employers to offer their employees (excluding highly compensated employees) a pension-linked emergency savings account as part of a defined contributions plan. Employers may automatically opt employees into these accounts at no more than 3% of their salary, and the portion of an account attributable to the employee's contribution is capped at \$2,500 (or a lower as set by the employer). Contributions are made on a Roth-like basis and are treated as elective deferrals for purposes of matching contributions with an annual matching cap set at the maximum account balance (\$2,500 or lower as set by the employer). Requires employer matching contributions be made to the individual's defined contribution plan account rather than to the emergency savings account. At separation from service, employees are permitted to roll the emergency savings account into a Roth defined contribution plan or an IRA. Effective for plan years beginning after December 31, 2023. ([Section 127](#))

## SECURE 2.0 Summary of Key Provisions for Plan Sponsors

### Elective Deferrals Generally Limited to Regular Contribution Limit

Requires that all catch-up contributions to 401(a) qualified plans, 403(b) plans, and governmental 457(b) plans be made on a Roth basis, with an exception made for those employees whose prior year wages do not exceed \$145,000 (indexed for inflation). SIMPLE and SEP IRAs are excluded from this requirement. Effective for taxable years beginning after December 31, 2023. ([Section 603](#))

### Optional Treatment of Employer Matching or Nonelective Contributions as Roth Contributions

Allows a 401(a) qualified plan, 403(b) plan, or governmental 457(b) plan to provide participants with the option of treating employer matching and non-elective contributions as Roth contributions. Effective for contributions made after the date of enactment. ([Section 604](#))

When Morgan Stanley Smith Barney LLC, its affiliates and Morgan Stanley Financial Advisors and Private Wealth Advisors (collectively, “Morgan Stanley”) provide “investment advice” regarding a retirement or welfare benefit plan account, an individual retirement account or a Coverdell education savings account (“Retirement Account”), Morgan Stanley is a “fiduciary” as those terms are defined under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and/or the Internal Revenue Code of 1986 (the “Code”), as applicable. When Morgan Stanley provides investment education, takes orders on an unsolicited basis or otherwise does not provide “investment advice”, Morgan Stanley will not be considered a “fiduciary” under ERISA and/or the Code. For more information regarding Morgan Stanley’s role with respect to a Retirement Account, please visit [www.morganstanley.com/disclosures/dol](http://www.morganstanley.com/disclosures/dol). Tax laws are complex and subject to change. Morgan Stanley does not provide tax or legal advice. Individuals are encouraged to consult their tax and legal advisors (a) before establishing a Retirement Account, and (b) regarding any potential tax, ERISA and related consequences of any investments or other transactions made with respect to a Retirement Account.
